

Wildlife Rehabilitation Internship

Additional COVID-19 safety protocols & guidelines

Face coverings: Masks, face shields and face coverings are currently required for indoor and outdoor public spaces.

Physical distancing: Whenever possible, maintain a distance of at least 6 feet between yourself and staff/interns/volunteers/the public. Cleaning protocols: Additional sanitation protocols are now in place. Staff will go over this on shift.

COVID Vaccine: *Required for all internship participants*

If you are sick, stay home! Think Wild reserves the right to revise or cancel the internship program at any time in compliance with Oregon Health Authority guidelines.

About Think Wild

Think Wild is a 501(c)3 non-profit Wildlife Hospital and Conservation Center located in Bend, Oregon. Our mission at Think Wild is to inspire the high desert community to protect and care for native wildlife through education, conservation, and rescue and rehabilitation.

The Position

The Wildlife Rehabilitation Intern will assist staff with the care and rehabilitation of injured and orphaned wildlife. The intern is responsible for three 8-hour shifts per week (~24 hours/week) for at least 9 weeks (accumulating to a minimum of 200 hours). The intern will work under the direct supervision of the Director of Wildlife

Rehabilitation or the on-duty staff member. Please note, this is an **unpaid** position, but a \$500 stipend is provided upon successful completion of the internship.

Position Availability

Three internship sessions are being offered for Spring/Summer 2022 with three positions available per session:

1st Session: April 1st-May 31st (end date flexible)

2nd Session: June 1st-July 31st (end date flexible)

3rd Session: August 1-September 30th (end date flexible)

****Please note in your application which internship session you are applying for****

Qualifications

- Must work well with staff, volunteers, interns, the general public, and as a member of a team
- Must be able to work a recurring schedule (same weekly shifts) with few absences for at least 9 weeks
- Must be flexible and willing to adapt in a fast-paced work environment
- Must possess current tetanus vaccination (within the last 10 years)
- Proof of COVID-19 vaccination required
- Must present a signed Think Wild liability release waiver
- Experience handling animals or working in a veterinary hospital is beneficial, but not required
- The rabies prophylaxis series is highly recommended and is required for working with rabies vector species such as foxes and raccoons. This vaccine may be covered by your personal health insurance.

Physical Requirements and Work Environment

Wildlife hospitals are often fast-paced, intense, and an emotional environment for staff, volunteers, and members of the public. The ideal candidate will be able to:

- Stand on a solid hard-surface floor for ~8 hours/day
- Stand, stoop, twist, walk, and lift large and potentially heavy kennels and other objects up to 25 pounds without support, and 50 pounds with support

- Capture, handle, and restrain sick, injured, and orphaned wild animals with the understanding that exposure to zoonosis, bites, scratches, and other potential injury is possible
- Prepare for exposure to allergens that are normally present in an environment containing animals and wildlife
- Demonstrate understanding that Think Wild is a drug-free, smoke-free environment

Learning Outcomes

Throughout the duration of the internship, the student will:

- Experience the fulfillment of directly impact the lives of injured and orphaned wildlife
- Learn the process of wildlife rehabilitation
- Gain a unique experience working with wildlife and the people impacting their conservation
- Work in an environment that encourages learning and skill development
- Network and become familiar with the field of wildlife conservation

EEO Policy

It is the policy of Think Wild to afford equal volunteer opportunities to all qualified individuals without regard to their race, color, ancestry, religion, sex, sexual orientation, national origin, age, physical or mental disability, citizen status, veteran status, gender identity, gender expression, or any other characteristic or status that is protected by federal, state, or local law.

Compensation

- \$500 stipend upon successful completion of the internship
- Uniform (one set of scrubs, t-shirt, and hat)
- Letter of Recommendation upon request

Apply & Contact

To apply for this internship, please send a cover letter stating your interest in the role (including your desired session) and your resume to Pauline Baker (Director of Wildlife Rehabilitation) at Pauline@thinkwildco.org. Application deadline is February 28th, 2022. *For any questions, please contact Pauline at Pauline@thinkwildco.org.
